alogliptin w/ pioglitazone (tabs)	azithromycin (powder, susp, tab)	buprenorphine w/naloxone (film)	CHANTIX
alogliptin w/metformin (tabs)	AZOPT	bupropion	chlorhexidine gluconate
ALPHAGAN-P	B _____	bupropion-sr	chloroquine
alprazolam	bacitracin (ophth.)	bupropion-xl	chlorpromazine
alprazolam er (tabs)	bacitracin/neomycin /polymyxin/hc ophth.	buspironone	chlorthalidone
ALREX	baclofen	C _____	cholestyramine
amantadine	balsalazide disodium	cabergoline	cholestyramine lite
amiloride	balziva 0.04/0.035mg		ciclopirox (crm, gel, lotion)

The NYHTC & HANYC Drug Formulary is a list of preferred drugs, which are covered under your prescription drug plan. The Formulary is subject to change without prior notice. The latest version of the Formulary is available online at hotelfunds.org. You are encouraged to ask your doctor to treat your medical condition(s) with a drug listed on our Formulary.

DRUG FORMULARY KEY:

- CAPITAL LETTERS = Brand-name drugs. (the brand-name drug is no longer covered when its generic equal or interchangeable biosimilar becomes available.)
- lowercase letters = FDA-approved generic drugs. (Generic drugs contain the same exact active ingredient as their brand-name equal, although the shape, smell or color may differ. They are FDA-approved with the same strict standards as brand-name drugs.)
- [PA] = medication requiring prior authorization by the Medical Director. Coverage is not guaranteed.
- **bold letters = 90-day supply program.**
